wine of Polkadraai Hills

body Medium

tasting notes

The 2024 Cornerstone Red shows expressive aromas of blackcurrant, mulberries and black cherry, complemented by notes of coriander, nutmeg, liquorice and wild sage. The palate is structured yet refined, with layers of dark cherry fruit, savoury spice and graphite. Chalky tannins frame the wine, leading to a balanced, focused and persistent finish.

blend information

51% Syrah, 49% Cabernet Sauvignon

in the cellar

Biodynamic grapes were hand harvested and cooled overnight before processing. The Syrah was fermented under submerged cap, with 30% whole bunches, and aged for 14 months in older 225L and 300L oak barrels. The Cabernet Sauvignon was fully destemmed and fermented in concrete tanks before ageing for 16 months in first-fill oak. After maturation, the wines were blended and rested for a further four months in tank prior to bottling.
